Executive Assistant

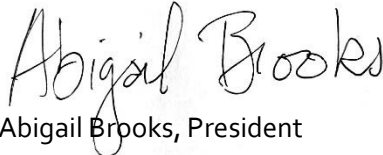

Dear Friends,

We mobilized a cast of truly hardworking staff and volunteers in a whirlwind of activity during 2022. As we celebrated our 50th year, we have conserved nearly 470 acres and are working toward another conservation easement. We moved to a new office, renewed our accreditation, undertook intensive stewardship and education projects, and filled two new part-time staff positions. We managed all of this, through a continuing pandemic, with only a pause in our school programming.

As we come to the end of this busy and rewarding year, we are appealing to you for support that enables our continuing momentum in land conservation, stewardship of our holdings, and educational programming for all ages. The blessings of spending time in this special place are enhanced by dedicated and persistent efforts to balance accelerated development while doing all we can to protect this town's fragile resources and exquisite open spaces. We cannot accomplish this without the support of donors, on whom we rely almost entirely.

In this season of giving, we hope you will consider a gift of support to Sakonnet Preservation as an expression of your commitment to conservation, faith in our work, and gratitude for the blessings this extraordinary community bestows on all of us. We wish you joyous and healthful holidays.

Most sincerely,

Abigail Brooks, President

Sakonnet Preservation Association
